

# PD02 All-Vinyl Patio Door

The PERFECT® All Vinyl Patio Door System is mainly designed for the renovation/replacement market in mind, but it is easily adapted to new home construction and fabricated home applications. It is lightweight, easy to fit and install in existing patio door openings, and can be customized to any size or configuration. The all vinyl frame provides a high level of energy efficiency, stylish appearance and long-term durability.

## Specific Features & Benefits

- All vinyl multi-chamber profile design for superior insulating properties for comfort and energy savings.
- Easy to adapt to any application or project.

## Other Benefits of PERFECT® Patio Door
